

Welcome to Computing at Great Wyrley Academy

Have a go at some of the activities to give you a taste of what to expect in your computing lessons at Great Wyrley Academy.

Challenge yourself to an “Extra hot” one!

Write a Facebook status update for Ada Lovelace.

How do they feel? Who may they have tagged in their status? You will need to research her first to find out why she is important.

Write a Facebook status update for Charles Babbage.

How do they feel? Who may they have tagged in their status? You will need to research him first to find out why he is important.

Write a Facebook status update for Tim Berners-Lee.

How do they feel? Who may they have tagged in their status? You will need to research him first to find out why he is important.

Write the keyword E-SAFETY down the side of a piece of paper and come up with other related keywords beginning with each letter.

Google 'E-Safety keywords'.

Write the keyword COMPUTER down the side of a piece of paper and come up with other related keywords beginning with each letter.

Google 'Computer keywords'.

Write the keyword NETWORK down the side of a piece of paper and come up with other related keywords beginning with each letter.

Google 'Network keywords'.

Write a paragraph about 'E-Safety' using all of your knowledge from primary school.

What did you learn about e-safety? Do you have any good tips?

Write a paragraph about 'programming' using all of your knowledge from primary school.

Have you used Scratch? Kodu? Bee-bots? Python? Tell us about it.

Write a paragraph about what you think you will be learning in Computing at Great Wyrley Academy.

Think about equipment we might have and software you could learn.

Draw an E-Safety poster.

What advice would you give to people?

Draw a picture of a computer including software that you might be using on the screen.

What elements does it need to make it a computer?

Draw a picture of a famous person in computing. Explain why they are famous.

You may need to use Google to help you with this one!
