What's the best advice you can give to Y6 students starting in September?

The best advice I can give is to make sure you make the most of your time at Great Wyrley Academy and enjoy it. I know it's going to seem a bit scary at first but don't worry you will have plenty of help along the way from me, your tutor and other students from all year groups. Get involved in the competitions and extra-curricular activities from the beginning and just try your best. By doing this I have no doubt you will make plenty of friends and settle in well. Just remember that nothing is impossible and you can achieve anything if you work hard enough.
