

## WAT Threshold Curriculum Subject Curriculum Intents

Subject	Intent
Art	Across Windsor Academy Trust, we provide every student with the skills to become an independent creative learner and the opportunity to be inspired by the Arts and achieve success.
Computing	Ensure that students gain a broad range of digital skills to prepare them for the ever evolving digital world
Dance	To develop dance skills in a range of styles through performance, choreography and appreciation
Drama	Across the Windsor Academy Trust, we will develop the creative ability and high levels of confidence in all students to become artistic performers.
English	At Windsor Academy Trust, we want to inspire a love of language and literature, through an engaging and challenging curriculum.
Geography	Across the Windsor Academy Trust we aim to provide all students the knowledge and skills to become effective Geographers and citizens in the 21st century
History	Our mission is to create historians who have an enquiring mind, read critically, are able to appreciate how history is constructed, and see history as an unfolding story which involves us all.
Maths	All students to believe they are capable of achieving high standards and becoming competent and resilient mathematicians.
MFL	We are committed to fostering the highest expectations in MFL and aim for all our learners to develop appropriate, high levels of linguistic ability, a set of transferable skills and an international growth mind set; deep, intercultural understanding.
Music	We believe music should encourage engagement, and creativity in all students. It encourages and develops key skills such as leadership and teamwork, and can help teach diversity and equality. It is also a key subject to offer enrichment opportunities for students to help them see, hear, contribute and learn about music from all eras, genres and backgrounds.
PE	To ensure we equip our students with the tools necessary to both understand and lead a Healthy Active Lifestyle.
RE	Creating excellent philosophers and respectful religiously literate citizens of the future.
Science	Across the Windsor Academy Trust, we aim to provide all students with the knowledge, skills and desire to become effective, aspirational scientists.
Technology	The Design and Technology (D&T) and Food Preparation and Nutrition (FPN) curriculums in KS3 are aimed at developing students so that they become inquisitive, healthy and creative citizens. Students need to show that they are capable of being able to consider the structure, function and use of products, whilst designing and manufacturing individual solutions to design and make tasks, to evaluate and analyse their product against others and to be inquisitive and discriminative users of products.
