

A letter to a new Great Wyrley student!

To a new Great Wyrley student,

Hello! I am writing to you to tell you about my experience of being a Year 7 student at Great Wyrley this year. I have plenty of good things to tell you!

Firstly, when I started at Great Wyrley Academy it felt really strange being at a completely different school but it was a fresh start for everyone. You have different lessons than primary school like at high school you do DT two times a week and you do art once in a week. You might also get some nice experiences as well like if you are in Mr Fielder's lesson if you answer a question with amazing science words and stuff like that you can get a lollipop or a pillow from him that he buys out of his own money.

Secondly, when it is a Friday at lunch you can go buy chips and other food as well. Instead of paying for your school lunch with money or on your account on parent pay etc when you are at high school you get to choose a finger and pay using your thumb or finger print!!!

As well, there is loads of nice teachers and teaching assistants in the school that if you have a problem you can go speak to them.

I hope that my letter has made you feel really excited about joining us in September- we can't wait to meet you!

From,

Elise

A current Year 7 pupil.
